\*Times are local with CDT in parenthesis

## PRAYER REQUESTS

1. Good health; logistics to go well - safety in travel (10 plane flights for trip), luggage to arrive with us.
2. That we will honor Our Lord in all that we say and do; that we will communicate well.
3. Lord will draw pastors and wives in the Ndola area of Zambia to the conference; He would protect their time.
4. Lord will speak to each heart about their own marriage and bring change in their lives; that they will be faithful to each other, sexually pure physically and in their minds.
5. Lord will give them hope and help them to remain faithful to Him and what He wants.
6. Each pastor and wife will model Christ and the Church in their marriage and will teach many people about God's design for oneness in marriage.
7. Lord will bring men from the area to the men's seminar on Saturday. That Ed will be able to encourage and teach each them to guard their hearts and remain sexually pure and to be God's man in their homes.
8. Lord will provide needed funds for our ongoing ministry in OKC, while we are gone.
9. The Lord will protect the marriages and minds of the people to whom we minister in OKC
10. A quick adjustment to time changes and restored strength after we get home.
